

Undergraduate Pilot Hiring Board

Job Description: Mission Pilot

The Steel Airmen of Pittsburgh Pennsylvania provide national leadership with responsive, tactical, and strategic global mobility in support of contingency, aeromedical evacuation, and humanitarian airlift requirements. They train and deploy mission ready C-17 Globemaster III aircrews to conduct combat airlift and aerial refueling operations utilizing night vision goggles and assault procedures into austere airfields to project and sustain U.S. forces worldwide.

If you feel called to serve our great Nation and fly the Moose in Western Pennsylvania, please visit www.milrecruiter.com and search for the 758th Airlift Squadron to see the latest hiring updates and requirements to apply for a pilot position.
